

## **International Polymer Solutions Purchases TEQCOM Industries**

Released: January 1, 2012

On December 31, 2011, International Polymer Solutions, Inc. (IPS) signed a definitive agreement to acquire TEQCOM Industries, Inc.

TEQCOM of Santa Ana, California, known for over 20 years as a superior manufacturer of High-Purity Flow Control Products, will immediately join forces with IPS Inc.

In coming months, TEQCOM will merge with IPS's recently acquired BECO Manufacturing enterprise in the company's new Irvine, California, location. IPS intends to leverage the best practices, management expertise and manufacturing talent of both companies to enhance its products and services.
