

Irvine, CA (November 1, 2010) - International Polymer Solutions (IPS) Inc.
.....

International Polymer Solutions (IPS) has hired Dee Castro as Controller, overseeing the Accounting Department of the organization.

Dee brings 20 years of progressive accounting experience from many industry segments, including gas and oil distribution, non-profit, public accounting, mining and manufacturing. Her experiences at organizations such as Deloitte & Touche LLP, Medical Group Management Association, AngloGold North America and Martin Marietta will be instrumental in helping IPS build a high-quality international organization.

International Polymer Solutions is a manufacturer of High-Purity Fluid Handling Solutions for both standard and custom industrial applications. The company, the result of a merger between TEQCOM Industries and BECO Manufacturing, is located in Irvine, California.
